where design begins

Precision in every step

Laguna stands for German precision and modern manufacturing technology. At our production facilities, we work with advanced machinery and skilled specialists who have a keen eye for detail.

Durable materials, rigorous quality checks and intelligent construction ensure furniture that remains beautiful for years and is easy to install. The result is quality that you and your customers can experience every day.

Responsibly manufactured

Sustainability is an integral part of our strategy. We invest in solar energy, use our materials as efficiently as possible and continuously work to reduce our environmental footprint – for today and for the future.

11,900
solar panels

at our production site in Germany

4,36
million kWh per year

of sustainably generated solar energy

2,545
tonnes of CO_2 saved

through annual reductions in CO_2 emissions

What makes LAGUNA unique

Precision engineered in Germany
Crafted in Germany with exceptional accuracy and consistency. Built for lasting quality.

Installer-approved
Pre-assembled units and smart fittings make installation fast, clean and reliable.

Durability that lasts
High-quality materials ensure long-term performance.

Custom-fit options
Wide range of sizes and finishes – tailored to your space and taste.

Sustainable by design
Made using eco-conscious materials and processes that reduce environmental impact.

Quality that lasts. Choices that matter.
A greener future.

GUESTROOM WORLDS DESIGN LINE

Extract from type list

SUPPLEMENTARY CABINETS

Extract from type list | For more fully co-ordinating cabinets & storage solutions, see type list | Dimensions in mm

*also available in 400 mm width

= variable depth

Additional cupboards with a reduced depth (150 - 299 mm) are only possible in combination with doors.
Complementary cabinets with a variable carcase depth (300 - 470 mm) can be fitted with both doors and drawers.
The specified depth always refers to the carcase depth, to which an additional 20 mm must be added for the decor front.
